PARKING COMMISSION

15 Summer Street

Taunton, MA 02780

Telephone: 508-821-1272

July 26, 2011
Taunton Parking Commission
Meeting 67
Minutes

1pm- subcommittee met with members of the Parking Commission to discuss the progress of the design of the third level of the deck. In attendance: J Dorsey, J Sprague, E Walsh, Wayne Walkden, Steve Berkeley (Jacobs Engineering), and E Valadao. Mr Berkeley provided an outline of the work that has been done along with the scope of services and updates on their findings to date. After much discussion, it was felt that only repairs to the existing structure should be addressed at this time due to financial constraints within the parking budget. Mr Berkeley made the following recommendations:

-continue to assess the current condition of the deck and repairs will be needed in consult with Beta and Veitas & Veitas reports that are on file. He will proceed with his findings and complete this report for the Commission.

-look at pricing for repair only and amend the current contract to reflect (signatures will be needed)

-estimate work for construction repairs to reflect the next phase within the next construction season

Per the request of the Commission Mr Berkeley will forward a current invoice of all services that have already been performed.

He will have all of this completed before the August 9th and submit to Wayne Walkden prior to the next regularly scheduled parking meeting.

K Babin joined the meeting at 1:50pm.
Meeting adjourned at 1:55pm

1. Matters on File

- a. Armory Lot- surveying has been completed by Paul Patenaude. J Sprague to contact the state in regards to the fencing and exact timeline for the lot to be officially released back to the City of Taunton. Next phase will be final design through the City Engineer's office. Commission to meet with Marc Slusarz immediately following this meeting for additional updates. DPW to complete the project once there is final approval from the state to begin. The Commission then met with Marc Slusarz. He noted that there are a few changes that need to be made on the surveyor's draft. Mr. Slusarz will contact Mr. Patenaude of the changes , once completed, Mr. Patenaude will submit the plans to the DIRB for approval. Mr. Slusarz said this process should be completed within 3-4 weeks.
- b. Jacobs /Parking Deck-no additional discussion.
- c. Pleasant Street Meters- Pleasant Street meters have been installed. 'NO PARKING' signs have also been installed on the opposite side of Pleasant Street.

No other business was discussed.

Meeting adjourned 2:50pm.

Next Meeting –Tuesday August 9, 2011 at 3pm TPDHQ.

Respectfully submitted-J Sprague, Secretary
